

DRESS UP AS A PERSON

WHAT ARE WE GOING TO DO?

We are going to draw different parts of our body that we cannot see. Would you know what organs are inside you? Prepare your costume and tell everyone about what's inside of us.

WHAT MATERIAL ARE WE GOING TO NEED?

- A cardboard box (remember that if it is recycled the better!)
- Colored sheets (you can also use colored cardstock or blank sheets and color the different parts)
- White sheets
- A scissor
- Adhesive tape
- A pencil and a black marker

STEPS TO FOLLOW:

1. Draw the different parts of the body on the colored sheets using the pencil. Then you can go over it with a marker to get more attention.
2. Cut out the different pieces.
3. Draw posters with the names of the different parts and play to associate them with the cutouts.
4. Cut out the box to make the costume structure.
5. Stick your cutouts on the cardboard frame using the adhesive tape.
6. Put it on and show everyone your new knowledge!
